The most enchanting fantasy action RPG is now officially launching in the West! In the game, you become an Elden Lord of Tarnished Lands, and on the battlefield with your allies, you raise an army of heroes to fight against the oncoming hordes of evil. •RPG is a Role-Playing Game, not a Graphic Card Game. This means that the battle system is not based on cards, but uses the standard three attributes of strength, intelligence and agility. •Dual Settings “The Elder Scrolls” series has drawn many fans to the fantasy genre, and the new Tarnished Lands will be no different. This game takes place in the Lands Between, and the story and the battle system aim for the grandiosity of a “The Elder Scrolls” RPG. ■Demon Knights Under the guidance of the Elden Goddess of Good, a group of knights turn into demons to fight against the evil forces of the Netherworld.■Blood and Iron These knights with an extra-evil reputation have an interest in defending the village of Gatalla, which is under the direct protection of the Elden Goddess of Good, and nobody dares to disturb the peace and harmony of the land. ■Dark Knight A mysterious hero of pure red blood who is a dedicated adherent of the Elden Goddess of Good. ■Heroic Knights A kind and noble knight who once was a guardian of the Goddess. ■Slaves of Darkness These slaves are the pawns of the dark forces of the Netherworld. ■Godhood These knights who possess the Gifts of the Goddess directly possess the power of the Gods. ■Paladins A group of special knights who came from another world. Many of them lost their lives in their original world, but lived on in the Netherworld, and many of them have become “demon knights” through the powers of the Goddess. ■Goddesses A group of knights who brought the gifts of the Goddess to the Lands Between, and who have adopted the role of “demon knights” by association with their powers. ■Bards The reliable musicians of the Lands Between, who sing the power of the Goddess and protect the citizens by spreading rumors. ■Players Everyone who want to embark on a journey in the Lands Between. •GAME SYSTEM ■

[game] MY REVIEW: 10/10 - A Great Game "I was fascinated by the world of this game's story, as it was wonderfully told through the characters that appeared, one after another, within the engrossing story. A short dialogue-driven game, it offers an overarching story without abundant text; however, it also offers plenty of side quests and PvP. Additionally, it includes concepts such as taking orders in which you have to complete the jobs, as well as giving missions where you can earn a promotion. Overall, this game is an all-around fantastic and fun RPG that I highly recommend for those who are looking for a fun game with a deep story and engaging characters, without overbearing amounts of text that reduce immersion." 1 of 3 - DYNASTY SCORECARD BADASS. HIGH MOBILITY. ACTIVE DEFENSE. " - SUPER SPACE STICKY RPG - - RPG WITH A STICKY QUICK TIME GAME - Sticky Quick time game - 1 of 3 - THE MOST INTERESTING GAME IS EASILY ONE OF THE BEST. Elden Ring

You must first visit the world map to select the area you want to adventure in. You will have to increase your strength in battle as you progress. There are seven general classes in the game (sorcerer, warrior, rogue, bard, magician, ranger, and priest), and each character class has seven types of weapons and four types of magic that can be combined. Basic stats such as strength, magic power, and vitality have been added, and you can permanently obtain or consume magic power and vitality using orbs. Once you defeat monsters in the world map, you can explore dungeons and collect treasures. You can choose the classes and jobs from a wide range, and you will be provided with equipment to use as you explore the world map. You can customize your character with a variety of components such as the appearance of the character, the equipment, the skill, and the magic. Since the system allows you to freely make the attacks on the enemy with your own timing, the strategy will change depending on your approach. The continuous attack at a high speed is known as macro combat, where the target is automatically selected. The unique drag-and-drop system allows you to interact with the world map. You will have the opportunity to meet with the NPCs to obtain the objects that you need. You can set the clock so you can rest and restore your skills. FAQ 1. Can the game be played offline?
